Mr. Allen Dulles
Chief of Central Intelligence Agency
Washington, D. C.

Dear Friend:

All Isms, including Capitalism, represent an Economic System.

When man conformed to an economic system, he planted the seed of his own destruction. This is why history repeats itself. We destroy and during our recovery period we develop better and more efficient ways of destruction. This is repetition the world wishes to stop.

Economic Systems put people and nations in a position whereby some can have more than others. This is not equality. Those who have the most (rich) cause those who have the least to yield to jealousy, envy, covetness, greed and hate. These are unrighteous qualities and produce destruction for unrighteousness cannot produce righteousness. This is why it is as difficult for the rich man to enter the kingdom of heaven as it is for a camel to go through the eye of a needle.

Often we hear about the Free World. THERE IS NO FREE WORLD. People and nations who possess the above unrighteous qualities live in bondage to uncertainty and fear. The world is living in this bondage and the world is crying for FREEDOM. WE ARE in a position to release this FREEDOM to the world.

Russia was No. 1. to reach the moon.
Let the United States be No. 1. to suggest a new way of life. FREEDOM.

Economic Systems are systems of limitations because they produce only for those who can afford their product and in so doing they are unable to feed, clothe and shelter the multitude in their entirety. Let us remove this economic system and GIVE of our time and talents so all can have an abundance and see what happens. The hands and minds of every person would be so badly needed because the wheels of industry would be spinning so fast to produce for everyone his desires that we would not have time for religious and racial prejudices. Everyone would be giving his best so everyone could have the best. Our good samaritan act would be providing for the physically handicapped. We need never fear an exhausting of our resources for our talents will provide our needs.

God Gave us the earth, our time and our talents. As He freely gave and we freely received, so should we freely give; for this produces the free world the people are crying for.

Jesus sent His disciples out to preach, heal and forgive and not to render for their purses gold, silver, brass or script. Only one coat was needed; the coat of Freedom through Giving and not a coat of limitation through an economic system. God Gave. Jesus Gave. Lets Give.

Our Economic System has given the Dollar the title of "All Mighty."
Lets remove this title from the dollar and bestow it upon man.

Who can add to our gift from God? We cannot add to it because it is a fullness equally yoked in goodness. Anything full cannot be added to. We can change things but to do so we have to use all our God Given Gifts; earth, time and talents.

Let us experience the fullness of His creation by adopting His system of Giving so all can have more abundantly, even the rich.

The Jews are the only people who are looking for their Master and the reason for this is that they are the only people who have mastered the economic systems and in so doing they have mastered everything for they do not live in fear of destruction of each other. Their way is, giving to the less fortunate so they too can give and there is no hate among the jews. Because of this, the jew will always live for they are the chosen people of God because they know how to master or live. The sad part of this is they do not recognize this and neither do most people. The Jew is experiencing the same degree of uncertainty regarding world welfare as the gentile but who is debating the question of world welfare, the jew or the gentile? It is the gentile who causes the uncertainty for the jew. By the way, have you consulted Mr. Webster for the meaning of Gentile? It means heathen. Now how do you like that!

When the rich young ruler asked Jesus what he must do to be saved Jesus said, "Sell what you have and follow Me." Jesus said that because he saw the rich ruler did not master the economic system for he was rich and the people were poor and unrighteousness leavened the land. The young ruler knew he could not save himself if he did not save his people first but he was afraid to follow Jesus for fear of loosing his own wealth. The world has been following the rich ruler ever since and is still seeking the way of the Master. I am the way He said.

Let the peoples of the world walk together, talk together and work together in this new way of life and the world will live in PEACE.

This is my prayer for the world. Wont you please help me fulfill it?

I came to fulfill not to limit for limitation produces condemnation and the fruit of condemnation is destruction.

Sincerely

Donald Greer

Mrs. Donald Greer.
